
*EFNR/WFNR Eastern Europe Regional Meeting in conjunction
with the Clinical Neuroscience Conference | Bistrita, Romania*

FRIDAY, MARCH 31TH, 2022

08:30 – 08:50 Organizers Welcome address

08:50 – 09:00 Foreword from Prof. Muresanu (EFNR President), Prof. Homberg (WFNR President), Prof. Grisold (WFN President)

Session 1 | Presidential Session

Chairpersons: Dafin Muresanu (Romania), Volker Homberg (Germany)

09:00 – 09:20 Volker Homberg (Germany) | Pharmacological aspects on functional recovery in post-acute cerebral injury

09:20 – 09:40 Dafin Muresanu (Romania) | Advances and updates in neurorecovery after stroke

09:40 – 10:00 Natan Bornstein (Israel) | Post-stroke cognitive decline

10:00 – 10:20 Laszlo Csiba (Hungary) | Special stroke clinical cases

10:20 – 10:30 Discussions

10:30 – 10:50 Coffee Break

Session 2

Chairpersons: Cristina Tiu (Romania), Bogdan Popescu (Romania)

10:50 – 11:10 Bogdan Popescu (Romania) | Recent developments for better perspectives in traumatic brain injury treatment

11:10 – 11:30 Cristina Tiu (Romania) | Paving the way to an effective recovery starting from the acute stroke phase treatment

11:30 – 11:50 Dana Boering (Germany) | The role of motivation in neurorehabilitation

11:50 – 12:10 Iwonna Sarzynska Dlugosz (Poland) | Neurological Rehabilitation in Poland

12:10 – 12:20 Discussions

Session 3

Chairperson: Andjela Milovanovic (Serbia), Dana Boering (Germany)

12:20 – 12:40 Sasa Filipovic (Serbia) | Noninvasive neuromodulation in post-stroke aphasia

12:40 – 13:00 Milija Mijajlovic (Serbia) | Role of transcranial ultrasound in the diagnosis and treatment of

carotid stenosis

13:00 – 13:20 Catalin Jianu (Romania) | Intracranial artery stenosis

13:20 – 14:20 Lunch Break

Session 4

Chairperson: Cristian Falup Pecurariu (Romania), Ales Praznikar (Slovenia)

14:20 – 14:40 Cristian Falup Pecurariu (Romania) | Autonomic dysfunction in Parkinson's disease and guidelines

14:40 – 15:00 József A. Szász (Romania) | Levodopa infusion in advanced Parkinson's Disease

15:00 – 15:20 Stanislav Groppa (Rep. of Moldova) | Status epilepticus – a challenging condition

15:20 – 15:40 Dimitar Maslarov (Bulgaria) - Computer-based and robotic assistant in neurorehabilitation - the Bulgarian Experience

15:40 – 16:00 Coffee Break

Session 5

Chairperson: Corina Roman (Romania), Rodica Balasa (Romania)

16:00 – 16:20 Rodica Balasa (Romania) | Two Decades of Immunomodulatory Treatment of Multiple Sclerosis Patients in Romania

16:20 – 16:40 Mihaela Simu (Romania) | Adult SMA patient's complex management within the current therapeutic era

16:40 – 17:00 Ales Praznikar (Slovenia) - The peculiarities in neurorehabilitation of patients with multiple sclerosis

17:00 – 17:20 Caterina Pistarini (Italy) - Clinical updates on neuropathic pain management in traumatic brain injury
